

Reminder Notice
Wednesday, September 9, 2020

If you still have a chrome book or an iPad that belongs to the school you need to bring that back so it can be updated.

The iPads and chrome books have been disabled so they need to be returned. If they are not returned a new one won't be issued and your child will not be able participate in the on-line learning.

The devices need to be dropped off to the school by Friday. If you are unable to drop it off call the school and we will arrange pick up.

Thank you,

Marjorie Pierro
