To Parents and Guardians:

What an incredible school year it has been for everyone! The pandemic has definitely changed the way we do schooling. Keeping everyone safe has become our number one priority.

Given the extent of the eastern zone case numbers and the new variants, we are going to extend the e-learning model for all students and staff until Friday May 21st. We are targeting a return to 50% in-school 50% e-learning model on Tuesday May 25th (School Board).

I would like to take this time to thank the parents and guardians for your patience and helping us work with your child through this new way of learning.

If your child or youth is having difficulty understanding or completing assignments, email their teacher or email me and I will forward your concerns to them.

An update on schooling will be done in 2 weeks.

We will get through this....

Thank you
Marjorie Pierro
